Road Gel

Technical sheet n° 1017
Rev. 04/06/2020

Hydro-alcoholic sanitizing gel Alcohol > 70%

Category:

- Sanitizing gel

Applications:

- Cleaning and sanitizing

Strengths:

- High quality ingredients
- Without rinsing

Applications

ROAD GEL is an alcohol-based sanitizer (Alcohol > 70%). It's effective in a few seconds and thoroughly sanitises surfaces and materials of various kinds. Quick solution for all those situations where it is not possible to use water or where you want easy cleaning: on public transport, at school, in the office, in the workplace.

Formulated with high quality ingredients, it is free of parabens, phthalates, pesticides and heavy metals.

Contains: ISOPROPYL ALCOHOL >70%, AQUA; CARBOMER; TRIETHANOLAMINE.

How to use

Apply a small amount of product and rub until completely dry. It does not require rinsing. Given the nature of the various materials, and especially for plastics, rubbers, wood and painted surfaces, always carry out a preliminary test to check compatibility with the surface to be cleaned.
