- With glycerin
- Dermatologically tested

Liquid hand cleaner with medium emulsifying power

Applications

Detergo Light is a hand soap, dermatologically tested, specially formulated to respond to a wide range of uses, recommended in any environment in complete safety.

Detergo Light can be used in hotels, restaurants, offices, industries, workshops, large-scale distribution, communities, the tertiary sector in general and more.

Detergo Light is made up of raw materials for cosmetic use and, thanks to its formula, degreases and cleans the hands, respecting the epidermis, which, thanks to its glycerin content, gives softness.

How to use

Press the dispenser and collect a few grams of product in your moistened hand. Massage your hands until the dirt is completely emulsified, then rinse thoroughly with water.

In case of stubborn dirt, repeat the operation.

Ingredients

Aqua (water), sodium laureth sulfate, sodium dodecylbenzenesulfonate, sodium chloride, glycerin, parfum (fragrance), methylchloroisothiazolinone, methylisothiazolinone, DMDM Hydantoin, (CI 19140).

Product for professional and industrial use. The manufacturer declines all responsibility for any damage caused by the improper use of the product.
